Forward-Looking Information

Forward-Looking Information

Fortis Inc. (“Fortis” or the “Corporation”) includes “forward-looking information” in this presentation within the meaning of applicable Canadian securities laws and “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 (collectively referred to as “forward-looking information”). Forward-looking information included in this presentation reflects the expectations of Fortis management regarding future growth, results of operations, performance, business prospects and opportunities. Wherever possible, words such as “anticipates”, “believes”, “budgets”, “could”, “estimates”, “expects”, “forecasts”, “intends”, “may”, “might”, “plans”, “projects”, “schedule”, “should”, “target”, “will”, “would” and the negative of these terms and other similar terminology or expressions have been used to identify forward-looking information, which includes, without limitation: targeted average annual common share dividend growth through 2022; the Corporation’s forecast gross consolidated and segmented capital expenditures for 2017 and the period 2018 through 2022; the Corporation’s consolidated and segmented forecast rate base for 2017 and the period 2018 through 2022 and associated compound annual growth rate for the period 2018 through 2022; average consolidated credit facilities for the period 2018 through 2022; the expected timing of filing of regulatory applications and receipt and outcome of regulatory decisions; the nature, timing and expected costs of certain capital projects including, without limitation, the FortisBC Pipeline Integrity Management Program and Eagle Mountain – Woodfibre Gas Pipeline Project, UNS Flexible Generation Resource investment and Combined Cycle Generation purchase; additional opportunities beyond the base plan including, without limitation, the Wataynikaneyap Project and the Lake Erie Connector; potential aggregate capital opportunities for the period 2018 through 2022; and expected impacts of U.S. tax reform on the Corporation’s earnings and cash flows.

Forward-looking information involves significant risk, uncertainties and assumptions. Certain material factors or assumptions have been applied in drawing the conclusions contained in the forward-looking information. These factors or assumptions are subject to inherent risks and uncertainties surrounding future expectations generally, including those identified from time to time in the forward-looking information. Such risk factors or assumptions include, but are not limited to: uncertainty regarding the outcome of regulatory proceedings of the Corporation’s utilities and the expectation of regulatory stability; no material capital project and financing cost overrun related to any of the Corporation’s capital projects; sufficient human resources to deliver service and execute the capital program; the Board of Directors exercising its discretion to declare dividends, taking into account the business performance and financial conditions of the Corporation; risk associated with the impact of less favorable economic conditions on the Corporation’s results of operations; no significant changes in laws and regulations that may materially negatively affect the Corporation and its subsidiaries; and currency exchange rates. Fortis cautions readers that a number of factors could cause actual results, performance or achievements to differ materially from the results discussed or implied in the forward-looking information. These factors should be considered carefully and undue reliance should not be placed on the forward-looking information. For additional information with respect to certain of these risks or factors, reference should be made to the continuous disclosure materials filed from time to time by Fortis with Canadian securities regulatory authorities and the Securities and Exchange Commission. All forward-looking information included in this presentation is given as of the date of this presentation and Fortis disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise.

Unless otherwise specified, all financial information referenced is in Canadian dollars and references to rate base refer to mid-year rate base.

Improved Five-Year Capital Program

FortisBC 2018-2022 Base Capital Plan

Unlocking incremental value in our gas LDC business for delivery to customers

- Pipeline Integrity Management Program
 - Program to improve pipeline safety and integrity
 - Focused on transmission pressure systems
 - Includes pipeline modifications and looping
 - Total project investment of ~\$300 million
 - Opportunity for further investment beyond 2022

- Eagle Mountain - Woodfibre Gas Pipeline Project
 - Located in Squamish, British Columbia
 - 47-kilometer gas line will service a small-scale, third-party owned, Woodfibre LNG facility for export to the Asian market
 - The project represents a ~\$350 million regulated rate base investment
 - The Woodfibre LNG facility will export up to 2.1 MTPA of LNG

UNS 2018-2022 Base Capital Plan

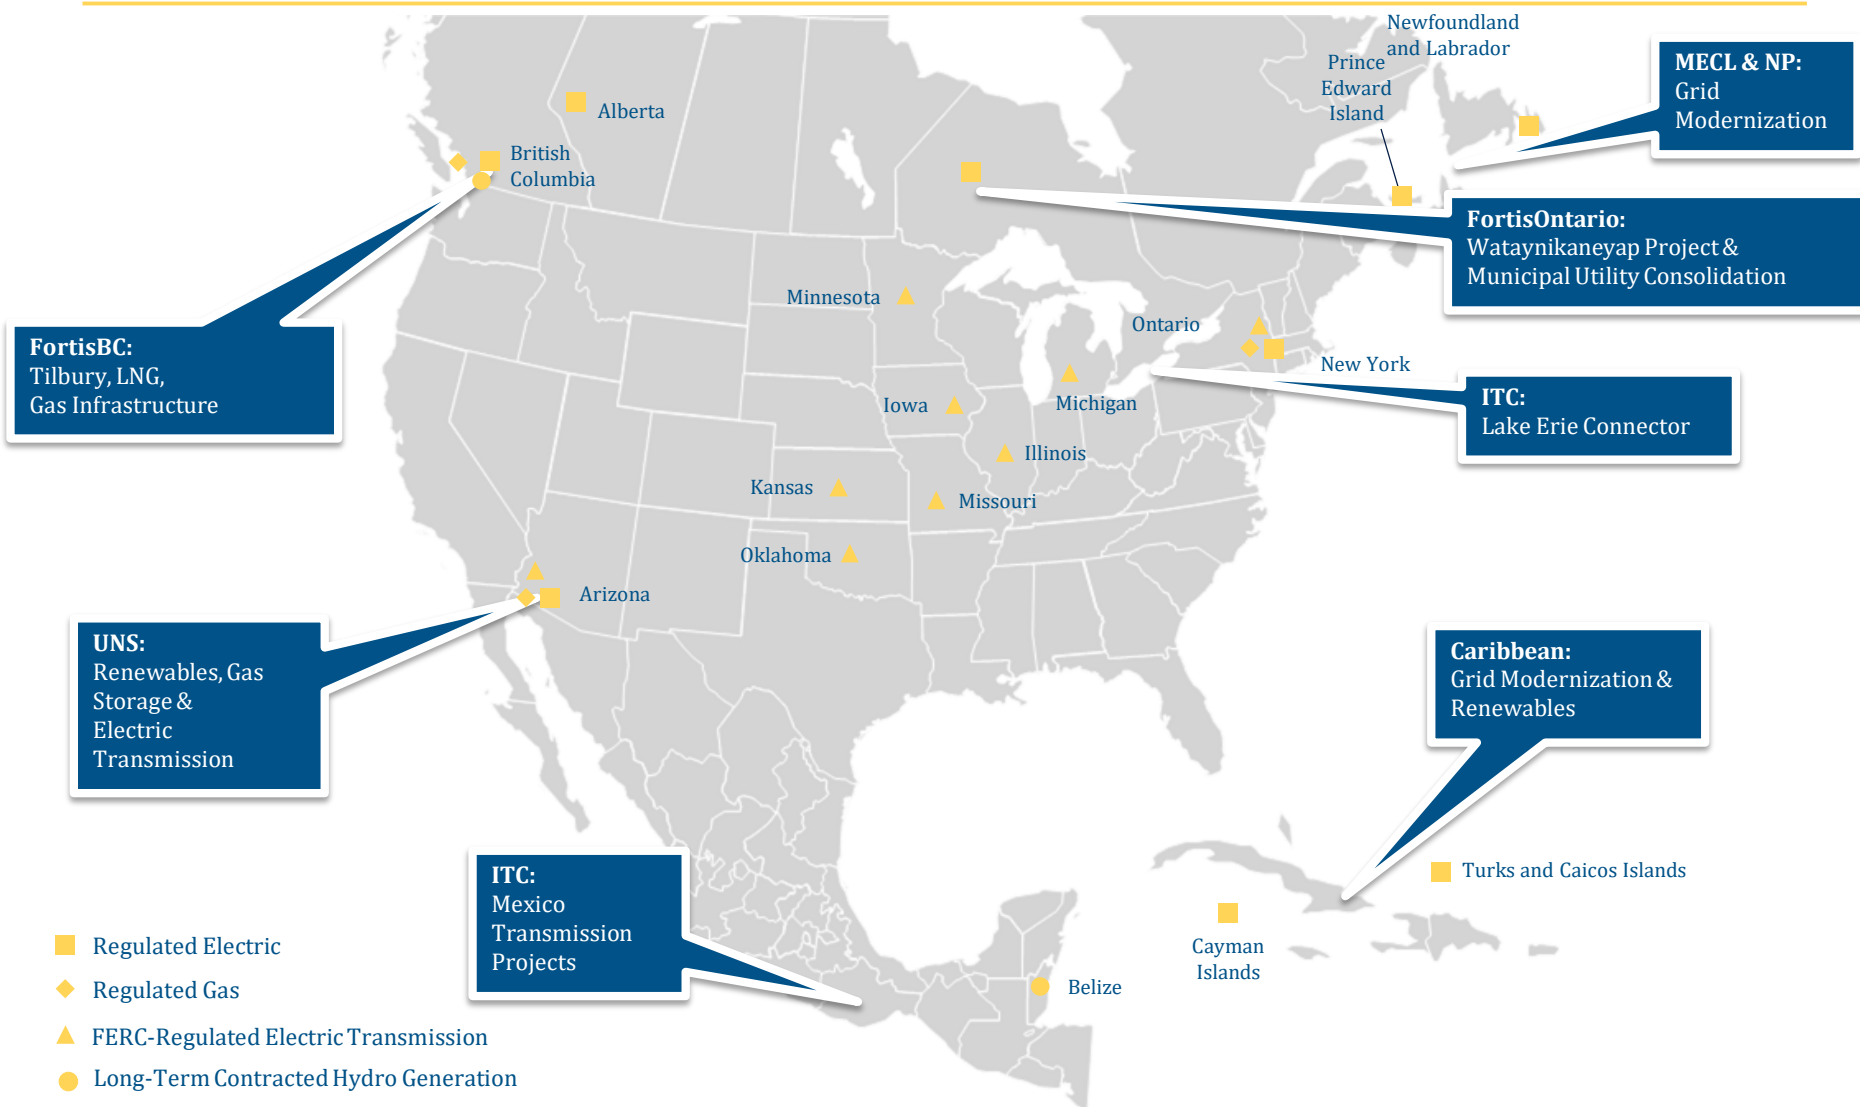

Modernizing natural gas generating resources supports new base capital plan

- Flexible Generation Resource
 - Facilitating renewables on the grid
 - Provide ramping and peaking requirements
 - Replace aging, less efficient combustion turbines
 - Reciprocating engines to be constructed in Tucson
 - 200 MW total capacity (10 modular units @ 20 MW each)
 - Flexible unit dispatch (4 – 20 MW)
 - In-service 2019-2020
 - Low gas pressure requirements and efficient water use
 - ~\$200 million investment over forecast period
- Modern, Efficient Baseload Combined Cycle Generation
 - Gila River Unit 2 - 550 MW
 - Initial tolling agreement
 - ~\$200 million purchase
 - Replacement of retiring coal-fired generation facilities
 - TEP (75%) and UNS Electric (25%) jointly own Gila River Unit 3

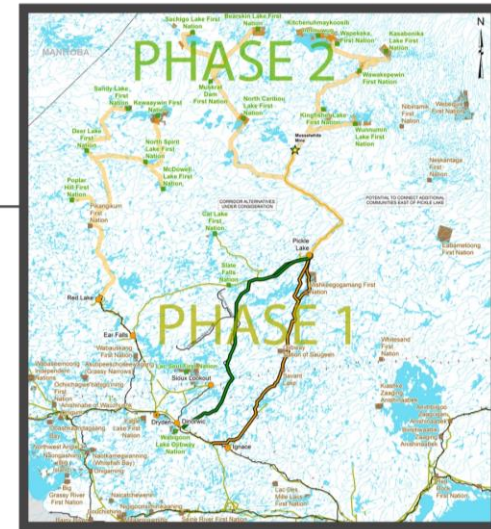

Opportunities Beyond the Base Capital Plan

Near-Term Projects Beyond the Base Capital Plan

Wataynikaneyap Power Project highlighted in Ontario's Long-Term Energy Plan

1

Recent Milestones:

- Ontario Energy Board (OEB) approved a deferral account in March 2017 to recover development costs incurred between November 2010 and the commencement of construction
- Federal Government announced in August 2017 up to \$60M in funding for the Pikangikum First Nation connection to grid

Remaining Milestones:

- Completion of environmental assessments
- Cost-sharing agreement with federal and provincial governments
- Filing of the Leave to Construct with the OEB, which is expected in Q1 2018
- Final approvals, receipt of permits, and construction start by late 2018

Near-Term Projects Beyond the Base Capital Plan

Lake Erie Connector only contracted transmission project in Ontario's Long-Term Energy Plan

2

- 1,000 MW HVDC transmission line would connect the IESO and PJM markets for the first time
- ~73 miles – majority buried in Lake Erie
- ~ US\$1 billion capital investment opportunity
- ~ 3 full years to construct from commencement of construction
- Major permit process complete with U.S. Army Corps of Engineers approval in October 2017
- Remaining milestones include project cost refinement and securing contracts with shippers

Blueprint for Growth Beyond the Base Capital Plan

Focused on capitalizing organic opportunities and business trends

U.S. Tax Reform

Fortis Strategy Remains Unchanged

Leverage the operating model, footprint of our utilities, operating expertise, reputation and financial strength to develop growth opportunities

Summary of Tax Reform Changes

Corporate Tax Rate	Lowered to 21% effective 2018 -Re-measurement of deferred tax asset balances will result in a one-time adjustment in 2017 -Lower corporate rate generally constructive to economy
Tax Depreciation	Regulated utility exemption from bonus depreciation
Interest Expense Deductibility	Regulated utility exemption from 30% EBITDA cap on interest deductibility

Overall a minimal impact to earnings with a negative impact to cash flow at our US utilities. This assumes no mitigating factors like additional capital investments or improved economic conditions.
